Bag of Toys is a lively San Francisco-based quartet which plays fun original acoustic-reggae-surf-rock. With the sole intention of showing people a good time, all of their original songs have been genetically engineered to draw a crowd and keep them in a state of auricular bliss. The relaxing guitars and head-bobbing rhythms are only overshadowed by the extremely catchy melodies which will ...

I first heard Bag of Toys on the now ever so popular Myspace. Right away I loved their music. Their laid back attitude and surf influenced sound is great. The cd is mellow and would be a perfect soundtrack for going surfing, hanging out by the pool, or driving around the coast.

Tells the disturbing true story of Andrew Crispo, a wealthy art promoter from New York City known for his drug use and his penchant for homosexual sadomasochism and Bernard LeGeros, Andrew's partner-in-crime, who were implicated in the grisly murder of a Norwegian fashion student in 1985. Reissue.

Is it easier to lift a bag full of toys with an inclined plane or a pulley? Readers will see how a group of kids compares two simple machines and decides which one does a better job at lifting the bag. This book supports engineering design standards for primary grades in the Next Generation Science Standards.

Rudolph the red-nosed reindeer helps Santa deliver special toys to good little boys and girls, in a book with a rope attached to help carry the book. On board pages.

All of a sudden the alarm goes off at the North Pole, when Santa Clause can't find the bag of toys that he needs to take on his sleigh on Christmas eve, . All the Elves, reindeer and snowmen join in the search! The only clues are the tracks in the snow leading away from the Toy Shop. But where do they lead and who would take Santa's Bag of Toys? Will they be found in time for Christmas? You will enjoy this delightful poetic Christmas verse as told by R.F. Gilmore in her rhythmic style for early readers

Describes two simple machines: pulley and inclined plane--and explains how they are utilized to make work easier.

This book contains full-size templates and step-by-step instructions for making nine ... felt bean bag toys.

It's Christmas Eve, and Louis's favorite stuffed animal, Lamb, couldn't be more excited. While Louis is asleep, Lamb tiptoes downstairs and climbs into Santa's great big bag of presents. Inside is a magical world, filled with new friends: other toys waiting to be delivered as gifts. But soon Lamb starts to miss Louis, and he worries he will never make his way back home. Fortunately, Santa is there to save the day, and Louis is just a short sleigh ride away. Tim Jessell's exuberant art and Kristin Kladstrup's lively writing create a Christmastime world that you

won't want to leave.

Santa's Magic Toy Bag began as a Christmas tradition for our family when our twins were 3 years old. One night, a few weeks before Christmas, a book and Santa's Magic Toy Bag appeared under our Christmas tree. The book explained that Santa needed the help of good little boys and girls. Santa asked the children to gather toys to give away and place them into the "magic" bag for Santa to take with him when he returned on Christmas Eve. Our children were excited to share their treasures with others and eagerly accepted Santa's challenge! Our hope is that you will make Santa's Magic Toy Bag a part of your family's Christmas traditions.

Provides instructions for making furniture and accessories for beanbag toys, plus patterns for outfits to dress them up as a witch, cheerleader, barbecue chef, or pirate
