Claudia's husband came up with the concept of the idea machine but Claudia then seized it and brought it to life. What Claudia did was to provide a list of themes and ask you to make a list of 10 things. So often we read books passively and then absorb the idea but not actually take ant real world action.

In the mid-90s I had an idea that lasted about the amount of time it takes to drink two beers. I say this because I had the idea at a bar and it was quickly squashed by the two friends I was with. I wanted to create a reality cable channel. All reality TV all the time. Reality TV was just beginning.

HOW DO I TRANSFORM MY LIFE? The answer is simple: come up with ten ideas a day. It doesn't matter if they are good or bad the key is to exercise your 'idea muscle', to keep it toned, and in great shape. People say ideas are cheap and execution is everything but that is NOT true. Execution is a consequence, a subset of good,

brilliant idea. And good ideas require daily work. Ideas may be easy if we are only coming up with one or two but if you open this book to any of the pages and try to produce more than three, you will feel a burn, scratch your head, and you will be sweating, and working hard. There is a turning point when you reach idea number 6 for the day, you still have four to go, and your mind muscle is getting a workout. By the time you list those last ideas to make it to ten you will see for yourself what "sweating the idea muscle" means. As you practice the daily idea generation you become an idea machine. When we become idea machines we are flooded with lots of bad ideas but also with some that are very good. This happens by the sheer force of the number, because we are coming up with 3,650 ideas per year (at ten a day). When you are inspired by an extraordinary idea, all of your thoughts break their chains, you go

beyond limitations and your capacity to act expands in every direction. Forces and abilities you did not know you had come to the surface, and you realize you are capable of doing great things. As you practice with the suggested prompts in this book your ideas will get better, you will be a source of great insight for others, people will find you magnetic, and they will want to hang out with you because you have so much to offer. When you practice every day your life will transform, in no more than 180 days, because it has no other evolutionary choice. Life changes for the better when we become the source of positive, insightful, and helpful ideas. Don't believe a word I say. Instead, challenge yourself to try it for the 180 days and see your life transform, in magical ways, in front of your very eyes.

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will learn how to find not one, but ten different solutions to any problem. You will also learn how to: better identify your professional and personal goals; stimulate your creativity to order; help those around you solve their own problems; integrate and use the idea machine on a daily basis. Having an idea usually requires a particular state of mind of urgency or inspiration. To become an "idea machine", however, 180 days of training is enough to condition the brain to spontaneously formulate ten ideas on any subject. Claudia Azula Altucher, author of "Become An Idea Machine", proposes to work this muscle for two purposes: to give perspective to your life and to help others get out of their own sense of powerlessness. To do this, all you need to do is to practice the

The world is changing. Markets have crashed. Jobs have disappeared. Industries have been disrupted and are being remade before our eyes. Everything we aspired to for “security,” everything we thought was “safe,” no longer is: College. Employment. Retirement. Government. It's all crumbling down. In every part of society, the middlemen are being pushed out of the picture. No longer is someone coming to hire you, to invest in your company, to sign you, to pick you. It's on you to make the most important

decision in your life: Choose Yourself. New tools and economic forces have emerged to make it possible for individuals to create art, make millions of dollars and change the world without “help.” More and more opportunities are rising out of the ashes of the broken system to generate real inward success (personal happiness and health) and outward success (fulfilling work and wealth). This book will teach you to do just that. With dozens of case studies, interviews and examples—including the author, investor and entrepreneur James Altucher's own heartbreaking and inspiring story—Choose Yourself illuminates your personal path to building a bright, new world out of the wreckage of the old.

A guide for mining the imagination to find powerful new ways to succeed. We need imagination now more than ever—to find new

21st Century, rethink our businesses, and discover paths to growth.

Yet too many companies have lost their ability to imagine. What is this mysterious capacity? How does imagination work? And how can organizations keep it alive and harness it in a systematic way?

The Imagination Machine answers these questions and more.

Drawing on the experience and insights of CEOs across several industries, as well as lessons from neuroscience, computer science, psychology, and philosophy, Martin Reeves of Boston Consulting

Group's Henderson Institute and Jack Fuller, an expert in

neuroscience, provide a fascinating look into the mechanics of

imagination and lay out a process for creating ideas and bringing

them to life: The Seduction: How to open yourself up to surprises

spread an evolving idea to others The New Ordinary: How to turn your novel idea into an accepted reality The Encore: How to repeat the process—again and again. Imagination is one of the least understood but most crucial ingredients of success. It's what makes the difference between an incremental change and the kinds of pivots and paradigm shifts that are essential to transformation—especially during a crisis. The Imagination Machine is the guide you need to demystify and operationalize this powerful human capacity, to inject new life into your company, and to head into unknown territory with the right tools at your disposal.

To be successful today, companies and individuals need to find the best solution in the shortest possible time. We produce ideas on an assembly line. That is very different to the work of an artist or an

"No" is sometimes the hardest word to say. It's also the most necessary. How many times have you heard yourself saying yes to the wrong things—overwhelming requests, bad relationships, time-consuming obligations? How often have you wished you could summon the power to turn them down? This lively, practical guide helps you take back that power—and shows that a well-placed No can not only save you time and trouble, it can save your life.

Drawing on their own stories as well as feedback from their readers and students, James Altucher and Claudia Azula Altucher clearly show that you have the right to say no: To anything that is hurting you. To standards that no longer serve you. To people who drain

you of your creativity and expression. To beliefs that are not true to the real you. It's one thing to say no, the authors explain. It's another thing to have the Power of No. When you do, you will have a stronger sense of what is good for you and the people around you, and you will have a deeper understanding of who you are. And, ultimately, you'll be freed to say a truly powerful "Yes" in your life—one that opens the door to opportunities, abundance, and love.

Not everyone is cut out to be an entrepreneur. Many of us are happy to have a job, we just want a better job, one that fulfills us, makes us wealthy, and brings us satisfaction. Still, income is now permanently going down versus inflation for the average employee. Industry, knowledge, and management are all being outsourced cheaply to other countries or to technology. Many people mistakenly think that

the solution is entrepreneurship. That "entrepreneurship is the pathway to riches". This is not true. Being an entrepreneur does have great upside but also it has a well-known rate of failure of 85%. There is no way to predict your way out of that 85%. 85% of ALL startups fail. The solution is to become a rich employee with the mindset and techniques described in this book. This is the first book ever to detail how one can become a The Rich Employee in our times. And there is more: companies in this new century will only succeed if they encourage their employees to develop a Rich Employee mindset. Written by the author of "The Choose Yourself Guide to Wealth" which USA Today has called "One of the 12 Best Business Books of All Time" and also the author of WSJ and USA Today bestseller "Choose Yourself" which Forbes recently called one of the "Top Five Books Every Entrepreneur Must Read", this

book gives you the tools to find satisfaction, meaning, and true wealth as a rich employee.

I've reinvented my career, my interests, my life, many times over the past twenty years. This is the book I wish I had at the beginning of that long and often volatile journey. I found when I outsourced my self-esteem to only one outcome, disaster resulted. Reinvention was the key to ensuring that the outcomes in life were positive ones. And now the entire world: technology, governments, the shifting landscapes of opportunity and success, are all turning upside down, forcing us to reinvent as individuals and as a culture. Along my own journey I have read and encountered dozens of other successful leaders, artists, entrepreneurs, and mentors who I have learned the art of reinvention from. The journey has been intense. The obstacles

were hard fought. And the adventures that led to me now finally sharing it all in this book has been both painful and exhilarating. I describe specific techniques, share stories, tell the stories of others, and give the ultimate guide to not only how but why it is critical for people to master the skills of reinvention. What I've learned: change is the only constant. Companies decay, technologies disappear, governments change, relationships change and opportunity is a shifting landscape. Reading the stories and learning the critical skills taught in Reinvent Yourself is how I found my own way through the chaos of change and onto the path of new opportunity and success. Again, this is the book I wish I had in my hands twenty years ago although I am glad that I am writing it now.

The Time Machine is a science fiction short story by H. G. Wells,

published in 1895 and written as a landmark story. The work is generally credited with popularizing the concept of time travel using a vehicle or device to consciously and selectively travel forward or backward through time.

This is a bold book by James Altucher because he not only gives you a new map for the new financial landscape, but he also has skin in the game. This is the first financial book in which the author **REVEALS HOW HE, PERSONALLY, MAKES HIS OWN MONEY.** We are living in an epic period of change, danger and opportunity. The economy is crashing and booming every few years. People are getting fired and replaced by computers and Chinese workers. The stock market crashes with regularity. Every "fix" from the government makes things worse. The Old World has

been demolished... and people are desperate for answers. James Altucher's "The Choose Yourself Guide To Wealth" contains those answers. This is the field guide to the "New World" we live in. You can play by the old rules and get left behind, or you can use these new ideas and become wealthy. This is not a book for the faint of heart. Read at your own risk, because sometimes the truth is hard to take. But for those who are ready to hear, James provides an updated map of the new territory for generating wealth and freedom. This book is the eye-opener of the century, it is the guide to building, keeping, and investing your money and breaking free from the chains of rusted, old thinking.
