particular relationships and events in her life.

Profiles the film star's collection of jewelry, providing descriptions of her most noteworthy pieces and describing their representation of particular relationships and events in her life.

From an early age Elizabeth Taylor has loved jewellery and she wears it with a style all her own. Her collection has been appraised as one of the best private collections in the world, and includes pieces by Van Cleef & Arpels, Cartier, Bulgari, Ruser and Schlumberger. Once when she was asked why she had so many diamonds, she replied, because they are my passion.

DIV A tough Welshman, he was softened by the affections of a breathtakingly beautiful woman: she was a modern-day Cleopatra madly in love with her own Mark Antony. For quarter of a century, Elizabeth Taylor and Richard Burton were the king and queen of Hollywood. Yet their two marriages to each other represented much more than outlandish romance. Together, Elizabeth and Richard were a fascinating embodiment of the mores and transgressions of their time and even luminaries like Jacqueline Kennedy looked to them as a barometer of the culture. The enduring glamour, grandeur, drama and bravado embodied in the couple gave rise to the type of rabid gossip and wide-eyed adoration that are the staples of today's media. Using brand-new research and interviews – including unique access to Taylor herself, the Burton family, and Taylor's extensive personal correspondence – this ultimate celebrity biography is the gripping real-life story of a fairy-tale couple whose lives were even grander and more outrageous than the epic films they made. /div

Elizabeth Taylor's own story was more dramatic than any part she ever played on the screen. C. David Heymann brings her magnificently to life in this acclaimed biography--updated with a new chapter covering her final years. She was an icon, one of the most watched, photographed, and gossiped-about personalities of our time. Child star, daughter of a controlling stage mother, Oscar-winning actress, seductress and eight-time wife, mother of four children and grandmother of ten, champion of funding for AIDS research, purveyor of perfumes and jewelry, close friend of celebrities and tycoons—Elizabeth Taylor, for almost eight decades, played most completely, beautifully, cunningly, flamboyantly, and scandalously her greatest role of all: herself. The basis of an Emmy Award-nominated miniseries, Liz portrays Taylor's life and career in fascinating, revealing detail and includes an additional new chapter, bringing her beloved fans up to date on her final years. By way of more than a thousand interviews with stars, directors, producers, designers, friends, family, business associates, and employees and through extensive research among previously disclosed court, business, medical, and studio documents, bestselling author Heymann reminds readers of her very public escapades and unveils her most private

moments. Here are the highs and lows of her film career and the intimate circumstances of her marriages to Nicky Hilton, Michael Wilding, Mike Todd, Eddie Fisher, Richard Burton, Senator John Warner, and Larry Fortensky. Here, too, is the truth about Taylor's father and her friendships with leading men Montgomery Clift, James Dean, and Rock Hudson, as well as with the eccentric Malcolm Forbes and Michael Jackson. From her illnesses, injuries, weight issues, and battles against drug and alcohol, to her sexual exploits, diamond-studded adventures, and tumultuous love affairs, this is the enormously contradictory and glamorous life of Hollywood's last great star.

Irresistibly magnetic on stage, mesmerizing in movies, seven times an Academy Award nominee, Richard Burton rose from humble beginnings in Wales to become Hollywood's most highly paid actor and one of England's most admired Shakespearean performers. His epic romance with Elizabeth Taylor, his legendary drinking and story-telling, his dazzling purchases (enormous diamonds, a jet, homes on several continents), and his enormous talent kept him constantly in the public eye. Yet the man behind the celebrity facade carried a surprising burden of insecurity and struggled with the peculiar challenges of a life lived largely in the spotlight. This volume publishes Burton's extensive personal diaries in their entirety for the first time. His writings encompass many years--from 1939, when he was still a teenager, to 1983, the year before his death--and they reveal him in his most private moments, pondering his triumphs and demons, his loves and his heartbreaks. The diary entries appear in their original sequence, with annotations to clarify people, places, books, and events Burton mentions. From these hand-written pages emerges a multi-dimensional man, no mere flashy celebrity. While Burton touched shoulders with shining lights--among them Olivia de Havilland, John Gielgud, Claire Bloom, Laurence Olivier, John Huston, Dylan Thomas, and Edward Albee--he also played the real-life roles of supportive family man, father, husband, and highly intelligent observer. His diaries offer a rare and fresh perspective on his own life and career, and on the glamorous decades of the mid-twentieth century.

Elizabeth Taylor has never been short on star power, but in this unprecedented biography, the spotlight is entirely on her--a spirited beauty full of magic, professional daring, and wit. Acclaimed biographer William Mann follows Elizabeth Taylor publicly as she makes her ascent at MGM, falls into (and out of) marriages, wins Oscars, fights studio feuds, and combats America's conservative values with her decidedly modern love affairs. But he also shines a light on Elizabeth's rich private life, revealing a love for her craft and a loyalty to the underdog that fueled her lifelong battle against the studio system. Swathed in mink, disposing of husbands but keeping the diamonds--this is Elizabeth Taylor as she lived and loved, breaking and making the rules in the game of supreme celebrity.

The singer and actor chronicles his marriages to Debbie Reynolds,

Elizabeth Taylor, and Connie Stevens, as well as his high-living exploits with JFK, Frank Sinatra, Dean Martin, and others. Reprint..

With the passing of this great movie star, philanthropist, and-bona fide, in her day-living legend, it is our pleasure as much as our duty to celebrate her glorious life. Our cameras were trained on Liz since National Velvet, and our splendid archive of photography needs to be seen-by you, her fans, right now, in this moment. Elizabeth first appeared on LIFE's cover when she was barely a teenager, and last graced the cover when she trusted LIFE to tell the story of her late-in-life brain surgery with taste and accuracy. In between there was all the rest: the child-star days, the early marriages, the sensational movies, the incredible drama that was "Liz and Dick," the later success on the Broadway stage, the transition to regal presence: benefactor, Dame Commander of the Order of the British Empire, American icon. It is all in the pages of this special commemorative book.

Celebrity gossip meets history in this compulsively readable collection from BuzzFeed reporter Anne Helen Peterson. This guide to film stars and their deepest secrets is sure to top your list for movie gifts and appeal to fans of classic cinema and hollywood history alike. Believe it or not, America's fascination with celebrity culture was thriving well before the days of TMZ, Cardi B, Kanye's tweets, and the #metoo allegations that have gripped Hollywood. And the stars of yesteryear? They weren't always the saints that we make them out to be. BuzzFeed's Anne Helen Petersen, author of Too Fat, Too Slutty, Too Loud, is here to set the record straight. Pulling little-known gems from the archives of film history, Petersen reveals eyebrow-raising information, including: • The smear campaign against the original It Girl, Clara Bow, started by her best friend • The heartbreaking story of Montgomery Clift's rapid rise to fame, the car accident that destroyed his face, and the "long suicide" that followed • Fatty Arbuckle's descent from Hollywood royalty, fueled by allegations of a boozy orgy turned violent assault • Why Mae West was arrested and jailed for "indecent charges" • And much more Part biography, part cultural history, these stories cover the stuff that films are made of: love, sex, drugs, illegitimate children, illicit affairs, and botched cover-ups. But it's not all just tawdry gossip in the pages of this book. The stories are all contextualized within the boundaries of film, cultural, political, and gender history, making for a read that will inform as it entertains. Based on Petersen's beloved column on the Hairpin, but featuring 100% new content, Scandals of Classic Hollywood is sensationalism made smart.
