Manual Machinist - Online Courses and Certification Prep ...  
Training and recruitment of good manufacturing people is like the weather, in that everyone talks about it. But unlike our ability to influence the weather, there are things a shop can do about training and recruitment. This story describes one shop's innovative and successful approach to this vexing problem.

Do-It-Yourself Training | Modern Machine Shop  
Students are introduced to detail drawings and the importance of clearly documenting and communicating their designs. They are introduced to the American National Standards Institute (ANSI) Y14.5 standard, which controls how engineers communicate and archive design information. They are introduced to standard paper sizes and drawing view conventions, which are major components of the Y14.5 ...
