family, or a community), so that the polarities and dilemmas of separateness and unity can be experienced in the context of personal growth.

Gestalt group process -
Elements UK

In the broadest terms, doing therapy is an exploration of human nature as it unfolds itself here-and- now: in this group with these people, in this place and time. It is useful in this task to have some underlying theory of what human nature is, and Gestalt therapy theory offers such a theory.
