Detox Your Body Using Cilantro. To detox your body using cilantro, the recommended amount is to take 1/4 cup of fresh packed cilantro stems and leaves once daily for one to three weeks, along with Pascalite clay, 1 to 2 teaspoons in water three times daily. The clay helps to move the metal-laden cilantro through your intestines.

~~How You Can Remove Heavy Metals and Toxic Chemicals from ...~~

Typically, if the death was from natural causes, a funeral home of the family's choice will go to the home and remove the dead body. If no funeral home has been chosen, a body is discovered outside of a person's home, or if it is suspected that a body inside a home died due to suspicious causes, a coroner is responsible for the body. The coroner must identify the body, determine the cause and manner of death, remove and transfer the body for storage, and notify any relatives.
