The #1 best-selling book for the human anatomy course, Human Anatomy, Seventh Edition is widely regarded as the most readable and visually accessible book on the market. The new edition builds on the book's hallmark strengths—art that teaches better, a reader-friendly narrative, and easy-to-use media and assessment tools—and improves on them with new and updated Focus Figures and new in-text media references. This edition also features vivid new clinical photos that reinforce real-world applications, and new cadaver photos and micrographs that appear side-by-side with art-all to increase students' ability to more accurately visualize key anatomical structures.

For two-semester courses in anatomy & physiology. A streamlined option to equip students for success in A&P and beyond Anatomy & Physiology, 7th Edition answers the demand for a leaner version of Elaine Marieb and Katja Hoehn's best-selling Human Anatomy & Physiology while maintaining the trusted, accurate, and carefully-paced approach of the more comprehensive 11th Edition. A total of 26 abridged chapters focus on core concepts and allow instructors to expand on broader topics such as pregnancy, development, and genetics outside of reading assignments from the text. The 7th Edition motivates and supports learners at every level, from novice to expert, equipping them with 21st century skills to succeed in A&P and beyond. Hallmark Focus Figures and an expanded number of summary tables and in-line figures help learners practice and develop visual literacy skills. A greater variety and range of self-assessment questions guide students in advancing from mastering A&P terminology to applying knowledge in clinical scenarios and performing the critical thinking and problem-solving skills required for entry to nursing, allied health, and exercise science programs. Also available with Mastering A&P By combining trusted author content with digital tools and a flexible platform, Mastering personalizes the learning experience and improves results for each student.Mastering personalizes learning and improves results for each student. Built for, and directly tied to the text, Mastering A&P enables an extension of learning, allowing students a platform to practice, learn, and apply outside of the classroom. Note: You are purchasing a standalone product. Mastering A&P does not come packaged with this content. Students, if interested in purchasing this title with Mastering A&P, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and Mastering A&P search for: 0135205050 / 9780135205051 Anatomy & Physiology Plus Mastering A&P with Pearson eText -- Access Card Package Package consists of: 013516804X / 9780135168042 Anatomy & Physiology 0135202094 / 9780135202098 Mastering A&P with Pearson eText -- ValuePack Access Card -- for Anatomy & Physiology

NOTE: This loose-leaf, three-hole punched version of the textbook gives you the flexibility to take only what you need to class and add your own notes -- all at an affordable price. For loose-leaf editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title and registrations are not transferable. You may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering products. For two-semester courses in anatomy & physiology. KEY BENEFIT: With each edition of her top-selling "Human Anatomy & Physiology" text, Elaine N. Marieb draws on her own, unique experience as a full-time A&P professor and part-time nursing student to explain concepts and processes in a meaningful and memorable way. With the "Seventh Edition," Dr. Marieb has teamed up with co-author Katja Hoehn to produce the most exciting edition yet, with beautifully-enhanced muscle illustrations, updated coverage of factual material and topic boxes, new coverage of high-interest topics such as Botox, designer drugs, and cancer treatment, and a comprehensive instructor and student media package. The Human Body: An Orientation, Chemistry Comes Alive, Cells: The Living Units, Tissue: The Living Fabric, The Integumentary System, Bones and Skeletal Tissues, The Skeleton, Joints, Muscles and Muscle Tissue, The Muscular System, Fundamentals of the Nervous System and Nervous Tissue, The Central Nervous System, The Peripheral Nervous System and Reflex Activity, The Autonomic Nervous System, The Special Senses, The Endocrine System, Blood, The Cardiovascular System: The Heart, The Cardiovascular System: Blood Vessels, The Lymphatic System, The Immune System: Innate and Adaptive Body Defensives, The Respiratory System, The Digestive System, Nutrition, Metabolism, and Body Temperature Regulation, The Urinary System, Fluid, Electrolyte, and Acid-Base Balance, The Reproductive System, Pregnancy and Human Development, Heredity For all readers interested in human anatomy & physiology.

For one-semester courses in A&P Lab. A Brief, Student-Friendly Lab Manual for One-Semester A&P--Now in Full Color Developed especially for a fast-paced, one-semester A&P course, Elaine Marieb and Pamela Jackson's Essentials of Human Anatomy and Physiology Laboratory Manual, 7th Edition provides 27 full-color, hands-on laboratory exercises, along with a built-in Histology Atlas. The Lab Manual can accompany any one-semester A&P text, but it is most effectively paired with Marieb and Keller's Essentials of Human Anatomy & Physiology, 12th Edition. Each lab exercise consists of a variety of easy-to-follow activities, all supported by a checklist of materials, a Pre-Lab Quiz, background information, learning objectives, and tear-out review sheets. The black and white figures in previous editions are now in full-color, and the 7th Edition further expands on its student-friendly writing style with updated terminology and review questions, streamlined content presented in tables, and a new, more intuitive design.

For two-semester anatomy & physiology lab courses. A concise, workbook-style approach for a fast-paced A&P lab course This full-color laboratory manual is designed for instructors who teach a two-semester anatomy & physiology lab course, but do not require the full range of laboratory exercises found in Marieb and Smith's best-selling Human Anatomy & Physiology Lab Manual (Cat, Fetal Pig, and Main). Written to complement Marieb and Hoehn's streamlined Anatomy & Physiology, 7th Edition, the manual can be used with any two-semester text. The 27 concise, activity-based lab exercises explore fundamental concepts in anatomy & physiology and build students' observational and laboratory skills. The manual's workbook-style approach incorporates visual summary tables, reviews key information, and engages students with hands-on drawing, labeling, and writing activities that can be completed using handy tear-out review sheets. Each lab includes learning objectives and efficient summaries of key concepts, as well as a list of materials needed for conducting the lab. The 7th Edition adds dozens of new, full-color illustrations and photos plus new critical thinking and clinical application questions to the Exercise Review Sheets. To improve clarity and readability, the headings, exercise tabs, and tables feature more saturated colors.

For one-semester courses in human anatomy. A functional approach to human anatomy, available in a multifunctional eText Human Anatomy, the #1 best-selling textbook for the human anatomy course,is widely regarded as the most readable and visually accessible book on the market. Using a functional anatomy theme, the text presents human anatomy as a well-illustrated "story" with the right amount of detail that learners can understand at an introductory level. Analogies and comparative descriptions make anatomical structures more memorable and understandable, and explain how the shape and composition of structures allow them to perform their functions. The 9th Edition features new exercises and questions that help students learn and use anatomical language and interpret real-world medical images while learning basic human anatomy. Building on the functional anatomy approach of previous editions, selected illustrated tables have been enhanced to tell a more cohesive and logical "story" of human anatomy. In the eText edition, dozens of embedded videos and animations help students visualize, manage, and master anatomical terms and structures, along with instant cross-referencing that eliminates the need to flip pages to connect concepts across body systems. Also available as a Pearson eText or packaged with Mastering A&P Pearson eText is a simple-to-use, mobile-optimized, personalized learning experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place, even when offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily share their own notes with students so they see the connection between their eText and what they learn in class -- motivating them to keep reading, and keep learning. If your instructor has assigned Pearson eText as your main course material, search for: 0135273013 / 9780135273012 Pearson eText Human Anatomy -- Access Card, 8/e OR 0135273005 / 9780135273005 Pearson eText Human Anatomy -- Instant Access, 8/e Also available with Mastering A&P By combining trusted author content with digital tools and a flexible platform, Mastering personalizes the learning experience and improves results for each student.Built for, and directly tied to the text, Mastering A&P enables an extension of learning, allowing students a platform to practice, learn, and apply outside of the classroom. If you would like to purchase both the physical text and Mastering A&P search for: 0135205026 / 9780135205020 Human Anatomy Plus Mastering A&P with Pearson eText -- Access Card Package Package consists of: 0135168058 / 9780135168059 Human Anatomy 0135202086 / 9780135202081 Mastering A&P with Pearson eText -- ValuePack Access Card -- for Human Anatomy Note: You are purchasing a standalone book. Pearson eText and Mastering A&P do not come packaged with this content. Students, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. With 30 exercises covering all body systems; a clear, engaging writing style; and full-color illustrations, this updated edition offers you everything needed for a successful lab experience. This edition features updated pre-lab quizzes at the beginning of each exercise, new Group Challenge activities, and an updated art program. A wide variety of laboratory exercises and activities gives students a hands-on lab experience, including organ and body dissection activities for the cat, sheep, and cow. Beautiful, full-color art and photos help students visualize anatomical structures for laboratory practice. Thorough, clearly-written exercises assist students in comprehending and retaining the material. This edition background information, a list of objectives, step-by-step instructions, and exercise review sheets. Integrated to follow each lab exercise, the review sheets can be used for pre- or post-lab review. Human and cat anatomy dissection photographs/plates are included. The "Organ Systems Overview" dissection exercise includes instruction on both rat and human dissection. Color photographs of rat and human dissection views further enhance the exercise. The spiral binding gives students a useful, convenient format for taking notes during lab. Perforated pages make it convenient for students to tear out the Review Sheets.
