*Insatiability: A Novel: Witkiewicz,  
Stanislaw Ignacy ...*

Futuristic, experimental, and remarkably prophetic, *Insatiability* traces the adventures of a young Pole whose fate parallels the collapse of Western civilization following a Chinese communist invasion from the east. Written in 1927, Witkiewicz's anti-Utopian novel proved to be a horribly prescient vision of what would become reality for Eastern Europe in the late 1930s.
