The Great Khan is dead—and his vast empire, forged through raw courage, tactical brilliance, and indomitable force, hangs in the balance. Now, with the sons of Genghis Khan maneuvering for supremacy, the very qualities that united the fierce Mongol tribes threaten to tear them apart. Genghis's tough and canny heir, Ogedai, is on the verge of becoming the new Khan. Inexplicably, Ogedai has delayed his coronation to complete a project many deem a folly: the building of Karakorum, a magnificent city amid the wild plains. His decision emboldens his arrogant brother Chagatai to violently challenge him, leaving their noble sibling Tolui caught between them. Yet even as they clash, the Khan's armies extend his reach farther than ever before, into southern China and across the rugged mountains of Russia to the vulnerable heart of Europe, where the most courageous warriors the West commands await the coming onslaught.

The three surviving sons of Genghis vie for the crown while striving to protect their father's empire and establish independent legacies, agendas marked by efforts to build a city in the wilderness, conquer Southern China and tame the steppes of Russia. Reprint.

For lovers of thrilling adventure and grand history, the bestselling co-author of the #1 New York Times bestseller The Dangerous Book for Boys has written a magnificent novel with a hero for the ages: the legendary, visionary conqueror Kublai Khan. A succession of ruthless men have seized power in the wake of Genghis Khan's death—all descendants of the great leader, but none with his indomitable character. One grandson, Guyuk, strains the loyalties of the tribes to the breaking point, and another, Mongke, brutally eliminates the opposition and dispatches his younger brothers Kublai and Hulegu to far-flung

territories. Hulegu displays his barbarity with the savage destruction of Baghdad and his clash with the Khan's age-old enemies, the cult of assassins. But it is Kublai—refined and scholarly, always considered too thoughtful to take power—who will devise new ways of warfare and conquest as he builds the dream city of Xanadu and pursues the ultimate prize: the ancient empire of Sung China. His gifts will serve him well when an epic civil war breaks out among brothers, the outcome of which will literally change the world. BONUS: This edition includes an excerpt from Conn Iggulden's *The Blood of Gods*. "Conqueror is as real as military fiction gets. Conn Iggulden's story of one of history's most ferocious and brilliant warriors is full of lessons for our warfighters today."—Gunnery Sergeant Jack Coughlin, USMC (ret.), New York Times bestselling author of *Shooter and Kill Zone: A Sniper Novel* "A rollicking, dangerous and often very gory gallop through the largest land empire the world has ever known."—Sunday Express (U.K.) "A thrilling journey, rippingly told . . . Iggulden's most satisfying to date."—The Daily Telegraph (U.K.)

From the author of the bestselling *The Dangerous Book for Boys* BONUS: This edition contains an excerpt from Conn Iggulden's *Conqueror*. The Great Khan is dead—and his vast empire, forged through raw courage, tactical brilliance, and indomitable force, hangs in the balance. Now, with the sons of Genghis Khan maneuvering for supremacy, the very qualities that united the fierce Mongol tribes threaten to tear them apart. Genghis's tough and canny heir, Ogedai, is on the verge of becoming the new Khan. Inexplicably, Ogedai has delayed his coronation to complete a project many deem a folly: the building of Karakorum, a magnificent city amid the wild plains. His decision emboldens his arrogant brother Chagatai to violently challenge him, leaving their noble sibling Tolui caught between them. Yet even as they clash, the Khan's armies extend his reach farther than ever before, into southern China and across the rugged mountains of Russia to the vulnerable heart of Europe, where the most courageous warriors the West commands await the coming onslaught.

The third novel in Conn Iggulden's 'Conqueror' series, narrates the adventures of the mighty Genghis Khan. The fatherless boy, exiled from his tribe, whom readers have been following in 'Wolf of the Plains' and 'Lords of the Bow', has grown into the great king, Genghis Khan. He has united the warring tribes and even taken his armies against the great cities of their oldest enemies. Now he finds trouble rising west of the Mongolian plains. His emissaries are mutilated or killed; his trading gestures rebuffed. So, dividing his armies, using his sons as generals of the various divisions, he sends them out simultaneously in many directions, ranging as far as modern Iran and Iraq. As well as discovering new territories, exacting tribute from conquered peoples, laying waste the cities which resist, this policy is also a way of diffusing the rivalries between his sons and heirs and working out who should succeed the khan.

From the co-author of *The Dangerous Book for Boys*, the Khan series is a triumph of historical fiction—a bold, epic account bursting with gritty realism and exhilarating action. Now this eBook bundle assembles the entire series—*Birth of an Empire*, *Lords of the Bow*, *Bones of the Hills*, *Empire of Silver*, and *Conqueror*—sparing no detail, from the Great Khan's first conquest and the heights of his unprecedented empire, to his brutal ancestral legacy and the rise of Kublai Khan. GENGHIS: BIRTH OF AN EMPIRE "Invigorating . . . zesty historical fiction, the kind with plenty of unbridled combat, accurate research, rampaging hordes and believable characters."—USA Today Genghis Khan was born Temujin, the son of a khan, raised in a clan of hunters and driven by a singular fury: to survive in the face of death, to kill before being killed. Through a series of courageous raids, Temujin's legend grew until he was chasing a vision: to unite many tribes into one, to make the earth tremble under the hoofbeats of a thousand warhorses, to subject all nations and empires to his will. GENGHIS: LORDS OF THE BOW "Readers who enjoy well-researched tales of historical adventure with an emphasis on political intrigue, exotic settings, and military conflict will enjoy the ride."—Library Journal For centuries, primitive tribes have warred with one another. Now, under Genghis Khan, they have united as one nation to face the ultimate test: the great, slumbering walled empire of the Chin. In Yenking—modern-day Beijing—the Chin will make their final stand. But Genghis will strike with breathtaking audacity, never ceasing until the emperor himself is forced to kneel. GENGHIS: BONES OF THE HILLS "Page-turning . . . a sweeping historical saga [that] will appeal to fans of gritty combat fiction."—Booklist As Genghis enters a strange new land of towering mountains and arid desert, he stirs an enemy greater than any he has met before. Shah Ala-ud-Din Mohammed has under his command thousands of fierce Arab warriors, teeming cavalry, and terrifying armored elephants. But another battle is taking shape—between two of Genghis's feuding sons. Soon the most powerful man in the world must choose a successor, touching off the most bitter conflict of all. KHAN: EMPIRE OF SILVER "Epic . . . alpha-male fiction . . . The book has much to teach about a time and a people long shrouded in legend."—The Wall Street Journal The Great Khan is dead—and his vast empire, forged through raw courage, tactical brilliance, and indomitable force, hangs in the balance. Even as the sons of Genghis Khan maneuver for supremacy, the Khan's armies extend his reach farther than ever before, into southern China and across the rugged mountains of Russia to the vulnerable heart of Europe, where the most courageous warriors the West commands await the coming onslaught. CONQUEROR "A rip-roarin' read, and inspiration to go and sack a few cities on your own."—Kirkus Reviews A succession of ruthless leaders have seized power in the wake of the Great Khan's death—all descendants of Genghis, but none with his indomitable character. It is Kublai—refined and scholarly, always considered too thoughtful to take power—who will devise new ways of warfare and conquest as he builds the dream city of Xanadu. His gifts will serve him well when an epic civil war breaks out among brothers, the outcome of which will literally change the world.

The gathering of the tribes of the Mongols has been a long time in coming but finally, triumphantly, Temujin of the Wolves, Genghis Khan, is given the full accolade of the overall leader and their oaths.

Now he can begin to meld all the previously warring people into one army, one nation. But the task Genghis has set himself and them is formidable. He is determined to travel to the land of the long-time enemy, the Chin and attack them there. The distances and terrain—the wide deserts, the impenetrable mountains—make it a difficult venture even for the legendary Mongolian speed of movement, but the greatest problem is that of the complex fortifications, a way of fighting wars of a settled urban population which the nomadic Mongolians had never come across. Finding ways to tackle that and keeping his tribes together in a strange environment presents another new and exciting challenge for Genghis Khan. Not only must Genghis succeed in this incredible campaign, but he must also reconcile the restless factions among his own generals, mediate between his ambitious brothers and cope with his own reactions to his growing sons. The young warrior has become a notable and victorious military commander of thousands: he must now learn to become a great leader of peoples of many different races and religions. LORDS OF THE BOW is a deeply satisfying novel. It is epic in scope, convincing, and fascinating in the narration of an extraordinary story. Above all Genghis Khan continues to dominate the scene as he matures from the young boy of Wolf of the Plains to the great Conqueror.

A remarkable story of heroism and adventure, of a boy who had to become a man too soon, of a family and a tribe who had to learn to win to survive. A man without a tribe was at great risk, so the young boy abandoned with his siblings on the harsh Mongolian plains had to struggle to avoid death. He survived both starvation and hostile attacks by learning remarkable leadership skills and gathering a group of outsiders like himself. Hunted and alone, he dreamed of uniting the tribes into one house, one nation. He became a great warrior. He would become father to his people. He would be Genghis Khan.

First published in 1963. The Secret History (so called merely because it was meant for the Mongols and not for the Chinese,) has been chiefly studied from a learned point of view and its quality as literature and hence its value to the lay reader have been greatly overlooked. The Chinese version has been used, but with constant reference to the Mongol text. The parts selected (founded on story-tellers' tales) date from the middle of the thirteenth century.

From the author of the bestselling The Dangerous Book for Boys The year is 53 B.C. Fresh from victory in Gaul, Julius Caesar leads battle-hardened legions across the Rubicon river—threatening Rome herself. Even the master strategist Pompey is caught unprepared by the strike, and forced to abandon his city. The armies of Rome will face each other at last in civil war, led by the two greatest generals ever to walk the seven hills. Thus begins Conn Iggulden's towering saga of Julius Caesar as he approaches his final destiny—a destiny that will be decided not by legions but by his friend Brutus and an Egyptian queen named Cleopatra, who will bear his only son.... For Caesar, the campaign against Pompey will test his military genius and his appetite for glory to their limits, as the greatest fighting machine the world has ever seen divides against itself in a bloody conflict that will set brother against brother until victory or death. But for Caesar, another kingdom beckons—a world of ancient mysteries and languid sensuality, where a beautiful, bewitching woman waits to snare his heart. The Gods of War follows Julius Caesar through politics and passion, ruthless ambition and private grief, and into the corruption of power itself. Those he has loved will play a part in his triumphs—as will the jealousy and hatred of his enemies. From the spectacles of the arena to the whispered lies of conspirators, Conn Iggulden brings to life a world of monumental drama. And at its heart is one extraordinary friendship—marked by fierce loyalty and bitter betrayal, with dark events shrouded in noble ideals.
