Introducing FBI profiler Karen Vail, who crosses paths with a Virginia serial killer in the first in the bestselling series. Special Agent Karen Vail "is a knockout, tough and brilliant" (Tess Gerritsen). As lead profiler for the FBI, Vail is spearheading the task force investigation into a serial killer known as "Dead Eyes," who's been terrorizing Fairfax County, Virginia. What separates this psychopath from the others is a peculiar savagery, and an intimate knowledge of the FBI's detailed strategy of pursuit. What separates Vail from her peers is a life that has made her hard and uncompromising. Recently divorced from an abusive husband, and in the throes of an ugly custody battle, she's also helpless against her mother's struggle with Alzheimer's. But little by little, as Vail's personal baggage begins to consume her, the investigation threatens to derail. Now she's weighing her last hope on a controversial profile. It suggests that the one key to solving the case lies with the seventh victim. But that key will also unlock secrets that could destroy Vail's career, and expose a truth that even she might not be strong enough to survive. In compiling his research for The 7th Victim, Alan Jacobson was allowed wide-ranging access to the FBI's behavioral profiling unit over several years. Named one of the top five books of the year by Library Journal, it's "a quantum leap in terror and suspense . . . A masterpiece" (New York Times-bestselling author James Rollins).

Women Making Shakespeare presents a series of 20-25 short essays that draw on a variety of resources, including interviews with directors, actors, and other performance practitioners, to explore the place (or constitutive absence) of women in the Shakespearean text and in the history of Shakespearean reception - the many ways women, working individually or in communities, have shaped and transformed the reception, performance, and teaching of Shakespeare from the 17th century to the present. The book highlights the essential role Shakespeare's texts have played in the historical development of feminism. Rather than a traditional collection of essays, Women Making Shakespeare brings together materials from diverse resources and uses diverse research methods to create something new and transformative. Among the many women's interactions with Shakespeare to be considered are acting (whether on the professional stage, in film, on lecture tours, or in staged readings), editing, teaching, academic writing, and recycling through adaptations and appropriations (film, novels, poems, plays, visual arts).

To Snare a Bride . . . To Gabriel Devine, Duke of Wolverest, the bonds of marriage are nothing more than shackles. But if he's to remain a lifelong bachelor, that leaves only his younger brother to carry on the family name. Inviting the ton's most eligible ladies to an elegant ball, Gabriel is certain any one of them would be all too eager to become the next duchess and provide an heir-leaving Gabriel to continue his ecstatic pursuit of pleasure. To Catch a Rogue . . . Her social-climbing stepmother would give anything to have Madelyn Haywood betrothed to a future duke. But Madelyn believes the brothers Devine to be nothing more than heartless rogues-especially Gabriel, whose rakish reputation precedes him. He is nothing more than a slave to passion, and she will not be conquered by his caresses-and yet his wicked ways tempt her so . . .
