In just the past decade, the emergence of digital health has finally become palpable. Enhanced by the pandemic, social justice events, and planetary health urgency, Realizing Digital Health – Bold Challenges and Opportunities for Nursing explores that evolution with a focus on capturing the current state of digital health. Anchored in an introduction to digital health, new technologies, opportunities, and challenges are described. Consideration of the opportunities and challenges of digital health calls for specific attention to ethical considerations. This book includes a current state synopsis of healthcare in the USA, with the inclusion of specific implications for nursing leaders and executives. Engagement of the people (patients, families, communities) working in partnership to enhance health is described. Information management and the necessary definition and access to data are discussed with a particular explication of the function of information management and operational decision-making. The challenges and learnings related to informatics drawn from the experiences of leaders in large health systems shed insight into the current state of informatics-enabled digital health and healthcare. The global example of the integration of technology, nursing, and health systems expands our knowledge of the current state as well as explores possibilities. This book concludes with a commitment to and description of the current state of teamwork and the integral role/functions within informatics, nursing, and healthcare. This book provides the reader with a succinct overview of digital technologies, a reality-anchored description of the current state in the USA and globally and highlights the core foundation and integration of informatics and information management. This book stimulates thought and actions to advance digital health within a full partnership among the people, organizations, systems, and global imperatives including planetary survival. This book lifts up the next era calling for full teamwork, collaboration, and partnership as we emerge into a true global community. Nursing and Informatics for the 21st Century – Embracing a Digital World, 3rd Edition is comprised of four books which can be purchased individually: Book 1: Realizing Digital Health – Bold Challenges and Opportunities for Nursing Book 2: Nursing Education and Digital Health Strategies Book 3: Innovation, Technology, and Applied Informatics for Nurses Book 4: Nursing in an Integrated Digital World that Supports People, Systems, and the Planet

The letters included in this collection, for 2017 and 2018, were written by people who were directly impacted by the American War in Vietnam -- combat veterans, nurses, loved ones of veterans, anti-war resistors, veterans' family members, and fellow soldiers. For the past four Memorial Days they were delivered to The Wall in Washington, DC by members of Veterans For Peace as part of our Full Disclosure Project. We want their voices to be heard as our country embarks on a decade-long series of fifty year commemorations of that war. This is the second volume in the series. We will deliver letters to The Wall for the next ten years on Memorial Day. If you want to write a letter, please contact Veterans For Peace.

Graduate nurses are expected to 'hit the ground running', taking on complex care challenges in a stressful and fast-paced environment. This comprehensive yet accessible textbook provides expert guidance for students and commencing nurses on the contexts for their practice. Part 1 presents a pragmatic insight into the intersection, tensions and complexities of practice and professional issues for Australian nurses. It outlines the nature of nursing roles and professional codes of conduct, national health priority areas and legal and ethical issues including the growing use of health informatics. There is an examination of the diverse career paths available in nursing, a focus on nurses' mental health and well-being and a special examination of Aboriginal and Torres Strait Islander health issues. Part 2 unpacks key issues across a range of clinical contexts that will be a key resource for clinical practicums. Contexts covered include acute care, community nursing, paediatric nursing, mental health nursing and aged care. Part 3 examines the professional and practice issues of nursing in diverse, distinctive and emergent practice areas including aesthetic nursing, military nursing and international nursing with case studies and vignettes highlighting common issues and challenges. Drawing on the expertise of a wide range of Australian clinical and academic nursing professionals, this text is a key reference for all nursing undergraduates seeking to enter successfully into the profession.

A detailed instructor's manual on thePoint helps you make the most of the active learning exercises in your classroom.

#1 INTERNATIONAL BESTSELLER • A moving, lyrical, beautifully-written portrait of a nurse and the lives she has touched Christie Watson spent twenty years as a nurse, and in this intimate, poignant, and remarkably powerful book, she opens the doors of the hospital and shares its secrets. She takes us by her side down hospital corridors to visit the wards and meet her unforgettable patients. In the neonatal unit, premature babies fight for their lives, hovering at the very edge of survival, like tiny Emmanuel, wrapped up in a sandwich bag. On the cancer wards, the nurses administer chemotherapy and, long after the medicine stops working, something more important--which Watson learns to recognize when her own father is dying of cancer. In the pediatric intensive care unit, the nurses wash the hair of a little girl to remove the smell of smoke from the house fire. The emergency room is overcrowded as ever, with waves of alcohol and drug addicted patients as well as patients like Betty, a widow suffering chest pain, frail and alone. And the stories of the geriatric ward--Gladys and older patients like her--show the plight of the most vulnerable members of our society. Through the smallest of actions, nurses provide vital care and kindness. All of us will experience illness in our lifetime, and we will all depend on the support and dignity that nurses offer us; yet the women and men who form the vanguard of our health care remain unsung. In this age of fear, hate, and division, Christie Watson has written a book that reminds us of all that we share, and of the urgency of compassion.
