washing and dressing assessments Occupational therapy ...

Once he had been trained how to pace himself, and his wife understood how to support him, he made safe and steady progress, and was no longer falling. Once he had been taught how to complete activities himself, such as washing, dressing, making a snack, his wife was able to return to work, confident that he would be safe.

Case Study: Training - The OT Practice

Adapted with kind permission from Northumberland PCT Children's Occupational Therapy Service Development of dressing skills Dressing should not be seen as a chore. Try to keep it fun by playing dressing up games and dressing toys. When dressing dolls, try using a doll which your child can relate to as being of a similar age. This will give your child a clearer idea of how to organise dressing.

Explaining Dressing skills
