A concise, tightly-edited casebook that
focuses on core principles and policies so
students can learn the major patterns and
themes of corporate taxation. Features:
Focuses student attention on core

Access Free Partnership Taxation Second Edition

principles and policies to enable students to learn the major patterns and themes of corporate tax Encourages students to learn the law from the basic source material --the Code and regulations--as supplemented by concise explanations when needed Many problems, questions, and examples help lead students through the challenging material An organizational structure that bridges concepts learned in the introductory income tax course and those presented in advanced tax classes. The text begins with subchapter S--an area of growing, practical significance--which serves to link individual and separate entity taxation Presents the taxation of transactions using a ""building-block"" approach from basic to complex transactions. This approach helps students to grasp that many complex transactions are merely combinations of simpler ones, and that a given transaction may be

Access Free Partnership Taxation Second Edition

Aspen Casebook

structured in different ways to achieve different tax consequences Cases and other source materials are edited concisely and note material is kept to a manageable length Completely up-to-date. The organizational structure and text are fully integrated to reflect current developments, including codification of the economic substance doctrine; impact of corporate tax shelters and application of substance-over-form doctrine; increased importance of passthrough tax principles; comparable treatment of dividends and long-term capital gain; recent changes affecting acquisitive and divisive reorganizations; and policy implications of current corporate tax reform options

A concise, tightly-edited casebook that focuses on core principles and policies so students can learn the major patterns and themes of partnership taxation.

Access Free Partnership Taxation Second Edition

Completely-up-to-date in organizational structure and text to fully integrate current developments relating to partnership liabilities, transfers of compensatory partnership interests, mandatory basis adjustments, the look-through approach to sales of partnership interests, and the partnership anti-abuse rules. Includes expanded discussion of the economic substance doctrine, target allocations, series entities, definition of a limited partner interest, the new tax on net investment income, disguised sales, and debt-equity exchanges; also includes recent shelter cases, an overview of the TEFRA partnership audit rules, and legislative changes made in January 2013.

This first edition casebook provides a comprehensive introduction to the law of federal income taxation. Coverage includes foundational concepts, core

Access Free Partnership Taxation Second Edition

Aspen Casebook

statutory and regulatory provisions, and specialized terminology. Students can use Federal Income Taxation in Focus and its associated materials to build a solid knowledge base and to enhance critical lawyering skills (e.g., comprehending complex rules and presenting persuasive text-based arguments). Because it provides thorough substantive grounding and familiarizes students with practice materials and research tools, the casebook enables students not only to make a meaningful contribution in a clinical setting but also to proceed comfortably to advanced study at the J.D. or L.L.M. level.

The Logic of Subchapter K was originally intended for use as a text for a law school course in Partnership Taxation. Together with the accompanying problem set and teachers manual, it guides students through the conceptual framework of subchapter K, while thoroughly covering the many difficult technical matters in the statutes and regulations, with the goal of giving students a firm understanding of this most difficult subject. Each chapter begins with a basic explanation of the relevant provisions and the roles that they play in the overall structure of subchapter K. It includes an increasingly detailed discussion of the specific rules, including multiple illustrative examples. Each

Access Free Partnership Taxation Second Edition

chapter builds on the earlier chapters, leading the student through subchapter K. The authors have successfully used the text and problems for both JD and LLM courses at NYU School of Law, Yale Law School, Cardozo School of Law, and Hastings College of the Law. Since the publication of the first edition of the book in 1996, it has also been used widely in business and accounting courses outside of the law school setting. It is also on the shelf of many practitioners. This 6th Edition addresses multiple changes made by the Tax Cuts and Jobs Act of 2017, including Section 199A qualified business deduction, the expensing of assets under Section 168(k), partnership terminations under Section 708, and an assortment of regulatory changes made in the three years since publication of the 5th Edition.

The book addresses various areas in which

Access Free Partnership Taxation Second Edition

Aspen Casebook
a researcher may be immersed

--everything from the legislative history of a statute to underlying regulations to interpretive case law. Along the way the book considers various types of tax-related court opinions, a myriad of government-generated documents, and law review articles and journals. Considerable attention is given to both the authoritative weight of each document and how it can be located. Research in international tax, a complex and dynamic area, is discussed in great detail. Finally, the book provides strategies for organizing information into a written document, such as a response to an information document request or a brief to be filed with the Tax Court. Throughout the pages of Federal Tax Research, examples of real-life situations, practice notes, research tips, and snippets of court opinions add breadth and life to the technical information. These illustrations

Access Free Partnership Taxation Second Edition

of the practical application of the rules allow the researcher to become more effective by bridging the gap between research and the practice of law.

Business Organizations, Second Edition is a pedagogically rich book that recaptures student engagement in the course without sacrificing basic rigor. The traditional coverage of most books in the field is retained, but modernized in reflecting the importance of unincorporated entities and small business counseling problems. Transaction-oriented problems put the student in the practice role of advising a variety of businesses. An expository approach provides clear context for cases. Features include flowcharts, connections boxes, self-testing exercises, an interspersed series of exercises on ethics for business lawyers, a glossary of terms, and sidebars on numerical concepts and

Access Free Partnership Taxation Second Edition

skills. Through the use of side-bar explanations or otherwise, the chapters or major sections of chapters in the book stand alone, facilitating teaching in almost any order. An online supplement includes a "business concepts for lawyers" module to be assigned as an instructor desires, as well as a variety of sample documents to show students the actual materials that lawyers work with every day. New to the Second Edition: Major revisions to incorporate important statutory modifications: Book-wide revisions to incorporate 2016 Model Business Corporations Act amendments Book-wide revisions to incorporate amendments to the Revised Uniform Partnership Act and amendments to several other ALI model statutes for unincorporated entities, including the revisions made under the ALI's "harmonization project" Revisions to reflect significant changes in the

exemptions from registration under the Securities Act of 1933 Updates to reflect the 2017 Tax Cuts and Jobs Act New cases, including *Alexander v. FedEx* and *O'Connor v. Uber* (dealing with the agency relationship of delivery companies and their drivers); *Browning-Ferris Indus.* (addressing the possibility of joint-employer status in situations involving temp agencies); and *Salman v. U.S.* (new decision of the Supreme Court having to do with insider trading) Newly written substantive materials, including an entirely new section on the "gig" economy, added to Ch. 4; and new material on the ability of shareholders to adopt bylaws affecting the management of business Shorter cases to bring down page length and respond to adopter requests Improved integration of the text and its online companion material Professors and students will benefit from: Modularity—achieved by keeping chapters

Access Free Partnership Taxation Second Edition

Open Casebook

short and self-contained so that the book can be adapted to professors' different priorities. Substantial material provided for free in an online supplement, to reduce overall student costs, including:

- A set of complete edited codes to support all readings in the casebook; and
- A module comprising a "business concepts for lawyers" guide, covering tax, accounting, financial and economic topics keyed directly to the book.

Detailed, problem-focused treatment of unincorporated entity issues and special transactional problems in counseling small businesses. Visual and pedagogical elements (including teaching and learning aids such as flow-charts and self-testing devices) that are designed to engage a generation of students and teachers accustomed to variety and visual appeal. Special cross-referencing aids to emphasize connections among related topics. An expository approach providing

Access Free Partnership Taxation Second Edition

clear context for the traditional case material that also appears Easy-to-digest sidebar content intended to develop student numeracy strength in tax, accounting and other relevant concepts

The purchase of this Kindle edition does not entitle you to receive access to the online e-book, practice questions from your favorite study aids, and outline tool available through CasebookConnect.

This book explores the historical contexts of seminal U.S. Supreme court federal income tax cases and the role they continue to play in our current tax law. Each of the chapters sets forth the social, factual, and legal background of the case and discusses various court proceedings and judicial opinions. The Foundation Press Law Stories Series brings landmark cases to life by telling the true, never-before-heard stories behind the cases.

Access Free Partnership Taxation Second Edition

Editor Paul Caron and the general editors of each edition discuss the immediate impact of cases and document the continuing importance of the cases in shaping the law.

With an emphasis on tax planning, *Federal Taxation of Wealth Transfers, Second Edition*, integrates problems with statutes, regulations, and cases to create a highly teachable and student-friendly casebook. This text provides an effective treatment of estate and gift taxation that includes: a problem-based approach that emphasizes planning and integrates statutes, cases, and regulations a logical and flexible five-part organization that can be reordered to adapt to different teaching approaches clear introductory and background notes that provide context for cases and problems focused teaching objectives that include problem-solving, understanding statutory

This widely-adopted, all-original book was the first in the field to combine complete analysis of the mediation process with integrated video case studies illustrating the full range of mediation skills.

Engaging text is keyed to seven hours of online video, featuring three different cases, all based on actual disputes: a child custody case, a small claims consumer dispute, and a complex negligence suit.

These unscripted mediations were conducted by mediators and lawyers with a variety of backgrounds and styles. The video includes an extended comparative example of facilitative and evaluative mediation of the same matter. The integration of text and video in *The Practice of Mediation: A Video-Integrated Text*, Third Edition enriches students'

Access Free Partnership Taxation Second Edition

OpenStax

understanding and allows classroom and clinical instruction to proceed more rapidly and on a far more sophisticated level. New to the Third Edition: New end-of-chapter problems to aid assessment of student learning New or expanded coverage of biases and their impact on negotiators; pre-mediation contacts with parties; and increasing mediator use of caucuses to open the process Newly designed problems on the ethics of mediating New video clips on mediator influence and persuasion Professors and students will benefit from: Practice- and research-based analysis of negotiations and why they fail Contextualized model of the role and effective skills of the mediator, applicable across the entire range of disputes Exploration of fundamental norms of the process and, through real case problems, the ethics of mediating Video and case-based

introduction to the role and skills of
representing a client in mediation

In China, the thirty-year economic reform reflects the process of moving from planned economy towards market economy. This could be seen From the changes in the 2005 Company Law, which recognizes the owners' property rights and gives more freedoms to them to decide various matters. In this new edition, besides offering a systemic the constitution of companies, the establishment of various companies, role and function of various parties in corporate governance, and corporate financing, Gu Minkang highlights the major changes in the 2005 Company Law, and addresses many new issues such as shareholders' derivative action, American limited liability company, and asset restructuring of listed companies. Another

Access Free Partnership Taxation Second Edition

important feature is a comparison between the 1993 Company Law and the 2005 Company Law that will facilitate reading and understanding. This comprehensive and up-to-date presentation of Chinese company law will be of value to all who are involved in business with and in China and their legal advisors, and to students of Chinese company law.
