Search for Spock to The Next Generation! The Klingon-Federation alliance is in peril as never before. Lord Korgh has seized control of the House of Kruge, executing a plot one hundred years in the making. The Klingon cult known as the Unsung rampages across the stars, striking from the shadows in their cloaked Birds-of-Prey. And the mysterious figure known as Buxtus Cross launches a scheme that will transform the Klingon Empire forever. Into danger flies Admiral William T. Riker and the USS Titan, charged with protecting the peace forged nearly a century before during the Khitomer Accords. Aided by Captain Jean-Luc Picard and the USS Enterprise, Riker and his officers scour the stars, seeking to find the Unsung and uncover the truth behind the conspiracy before time runs out. Yet even as Commander Worf departs on a deeply personal mission of honor, hidden sinister forces seek to turn the crisis to their advantage. And the conspirators' plans threaten to spiral out of control, jeopardizing the very empire they aspire to rule.

Celebrate the 40th anniversary of Star Trek: The Motion Picture with this classic movie novelization written by legendary Star Trek creator Gene Roddenberry! The original five-year mission of the Starship Enterprise to explore strange new worlds and to seek out new life and new civilizations has ended. Now James T. Kirk, Spock, Dr. McCoy, and the rest of the crew of the Enterprise have separated to follow their own career paths and different lives. But now, an overwhelming alien threat—one that is ignoring all attempts at communication and annihilating all opposition in its path—is on a collision course with Earth, the very heart of the United Federation of Planets. And the only vessel that Starfleet can send in time to intercept this menace is a refitted Enterprise, with her old crew heeding the call to once again boldly go where no one has gone before...

The Venette Convention has always remained independent, but it is about to become the flashpoint for a tense military standoff between the two power blocs now dominating interstellar space—the United Federation of Planets and the recently formed Typhon Pact. The Venetan government turns to the Typhon Pact's Tzenkethi Coalition for protection in the new order, and has agreed to allow three of their supply bases for Tzenkethi use. But these bases—if militarized—would put Tzenkethi weapons unacceptably close to Federation, Cardassian, and Ferengi space. While Captain Ezri Dax and the crew of the U.S.S. Aventine are sent to investigate exactly what is happening at one of the Venette bases, Captain Jean-Luc Picard and the U.S.S. Enterprise are assigned to a diplomatic mission sent to the Venette homeworld in order to broker a mutually acceptable resolution. But the Cardassian delegates don't seem particularly keen on using diplomacy to resolve the situation, which soon spirals out of control toward all-out war. . . .

The first novel in a two-part Typhon Pact adventure set in the universe of Star Trek: The Next Generation! In the wake of the final Borg invasion, which destroyed entire worlds, cost the lives of sixty-three billion people, and struck a crippling blow to Starfleet, six nations adversarial to the United Federation of Planets—the Romulan Star Empire, the Breen Confederacy, the Tholian Assembly, the Gorn Hegemony, the Tzenkethi Coalition, and the Holy Order of the Kinshaya—joined ranks to form the Typhon Pact. For almost three years, the Federation and the Klingon Empire, allied under the Khitomer Accords, have contended with the nascent coalition on a predominantly cold-war footing. But as Starfleet rebuilds itself, factions within the Typhon Pact grow restive, concerned about their own inability to develop a quantum slipstream drive to match that of the Federation. Will leaders such as UFP President Bacco and RSE Praetor Kamemor bring about a lasting peace across the Alpha and Beta Quadrants, or will the cold war between the two alliances deepen, and perhaps even lead to an all-out shooting war?

"Based on Star trek and Star trek: the next generation."

Continuing the milestone 50th anniversary celebration of Star Trek—an epic new trilogy that stretches from the events of The Original Series movie The Search for Spock to The Next Generation! The Klingon Empire stands on the precipice. In the wake of violence from the cult known as the Unsung, paranoia threatens to break Chancellor Martok's regime. Klingons increasingly call for a stronger hand to take control...one that Lord Korgh, master manipulator, is only too willing to offer. But other forces are now in motion. Assisted by a wily agent, the Empire's enemies secretly conspire to take full advantage of the situation. Aboard the USS Titan, Admiral William T. Riker realizes far more than the Federation's alliance with the Klingons is in danger. With the Empire a wounded animal, it could either become an attacker—or a target. Yet even as hostilities increase, Commander Worf returns to the USS Enterprise and Captain Jean-Luc Picard with a daring plan of his own. The preservation of both the Empire and the Federation alliance may hinge on an improbable savior leading a most unlikely force....

One of the most celebrated thrillers ever written, The Day of the Jackal is the electrifying story of the struggle to catch a killer before it's too late. It is 1963 and an anonymous Englishman has been hired by the Operations Chief of the O.A.S. to murder General de Galle. A failed attempt in the previous year means the target will be nearly impossible to get to. But this latest plot involves a lethal weapon: an assassin of legendary talent. Known only as The Jackal this remorseless and deadly killer must be stopped, but how do you track a man who exists in name alone? The Day of the Jackal made Frederick Forsyth a world-famous writer overnight and changed the modern thriller. Its appeal is simple - it's just one of the most exciting books ever written.

He seems like such a nice man. You'd never guess what was going on in his mind... Art history professor James Qatar has a hobby: he takes secret photographs of women to fuel more elaborate fantasies. When he's alone. Behind locked doors. Then one day, he goes a step further and... well, one thing leads to another. Qatar has no choice. He has to kill her. And you know something? He likes it. When Deputy Chief Lucas Davenport takes the case, he assumes it'll be straightforward police work. He couldn't be more wrong. As the investigation trail takes some unexpected turns, it becomes clear that nothing is straightforward about this killer, his victims, or his motives. And to stop him Lucas has no choice but to walk right into his lair. WITH A NEW INTRODUCTION BY JOHN SANDFORD
