Steelwork detailing plays a pivotal role in the successful creation of any steel structure. The Steel Detailers' Manual provides an introduction and guide to this essential skill for those in the constructional steelwork industry. The third edition has been revised to take account of some aspects of Eurocode 3 on structural steel work.

[Steel Detailers' Manual: Hayward, Alan, Weare, Frank ...](#)

This highly illustrated manual provides practical guidance on structural steelwork detailing. It: - describes the common structural shapes in use and how they are joined to form members and complete structures - explains detailing practice and conventions - provides detailing data for standard sections, bolts and welds

[Steel Detailers' Manual | Wiley](#)

Diagrams and details presented in this manual were prepared by structural draughtsmen employed in the offices of Cass Hayward and Partners, Consulting Engineers of Chepstow (Monmouthshire, UK), who are regularly employed in the detailing of structural steelwork for a variety of clients including public utilities, major design : build contractors and structural steel fabricators.
