Telecommunication Network Economics: From Theory to ...
Introduction. This book constitutes a collaborative and selected documentation of the scientific outcome of the European COST Action IS0605 Econ@Tel 'A Telecommunications Economics COST Network' which run from October 2007 to October 2011. Involving experts from around 20 European countries, the goal of Econ@Tel was to develop a strategic research and training network among key people and organizations in order to enhance Europe's competence in the field of telecommunications economics.
