Along this path we inevitably meet challenges and confronting these challenges forces us to develop and think in new ways and push us outside our comfort zone. The book takes the form of a transcript of a four day workshop conducted by Stephen and Robert. It is a powerful way of learning as you are so absorbed by the experiences of the participants that you feel you are actually there. A wonderful voyage of discovery for everyone who thinks that, "there must be more to life than this".

Campbell. He knows the vast sweep of man's panoramic past as few men have ever known it." --The Village Voice Joseph Campbell famously compared mythology to a kangaroo pouch for the human mind and spirit: "a womb with a view." In *Myths to Live By*, he examines all of the ways in which myth supports and guides us, giving our lives meaning.
