Raised in a traditional Jewish family, international television host Jonathan Bernis was taught from a young age that "Jews don't--and can't!--believe in Jesus." Yet in his study of the Bible, including the Torah, he found overwhelming evidence that Jesus of Nazareth really was the Jewish Messiah. With warmth and transparency, Bernis talks about discovering Jesus in history, too, and how it was that the Jewish Yeshua became the Gentile Jesus. By presenting historic evidence that Jesus is Messiah and refuting common Jewish objections, Bernis gives Christians the knowledge and tools they need to share their Lord with their Jewish friends in a loving, effective way.

In 1665, Sabbetai Zevi, a self-proclaimed Messiah with a mass following throughout the Ottoman Empire and Europe, announced that the redemption of the world was at hand. As Jews everywhere rejected the traditional laws of Judaism in favor of new norms established by Sabbetai Zevi, and abandoned reason for the ecstasy of messianic enthusiasm, one man watched in horror. Dissident Rabbi tells the story of Jacob Sasportas, the Sephardic rabbi who alone challenged Sabbetai Zevi's improbable claims and warned his fellow Jews that their Messiah was not the answer to their prayers. Yaacob Dweck's absorbing and richly detailed biography brings to life the tumultuous century in which Sasportas lived, an age torn apart by war, migration, and famine. He describes the messianic frenzy that gripped the Jewish Diaspora, and Sasportas's attempts to make sense of a world that Sabbetai Zevi claimed was ending. As Jews danced in the streets, Sasportas compiled *The Fading Flower*

of the Zevi, a meticulous and eloquent record of Sabbatianism as it happened. In 1666, barely a year after Sabbetai Zevi heralded the redemption, the Messiah converted to Islam at the behest of the Ottoman sultan, and Sasportas's book slipped into obscurity. Dissident Rabbi is the revelatory account of a spiritual leader who dared to articulate the value of rabbinic doubt in the face of messianic certainty, and a revealing examination of how his life and legacy were rediscovered and appropriated by later generations of Jewish thinkers.

This book is a history, an indictment, a lament, and an appeal, focusing on the messianic trend in Lubavitch hasidism. It demonstrates how those who affirm the dead Rebbe's messiahship have abandoned a Jewish core belief in favor of the doctrine of a second coming. It also decries the equanimity with which the standard-bearers of Orthodoxy have legitimated this development by continuing to recognize such believers as Orthodox Jews in good standing. This abandonment of the age-old Jewish resistance to a quintessentially Christian belief is a development of striking importance for the history of religions, and it is an earthquake in the history of Judaism. David Berger chronicles this development from a personal viewpoint. He describes the growing concern that impelled him to undertake an anti-messianist campaign - publications, correspondence, and the sponsorship of a Rabbinical Council of America resolution excluding this belief from authentic Judaism. He argues that a large number, almost certainly a substantial majority, of Lubavitch hasidism believe in the Rebbe's messiahship; a significant segment, including educators in the central institutions of the movement, maintain a theology that goes beyond posthumous messianism to the affirmation that the Rebbe is pure divinity. While many Jews see Lubavitch as a marginal phenomenon, its influence is in fact so remarkable that its representatives are poised to dominate Orthodox religious institutions in several major countries throughout the world. This book analyzes the boundaries of Judaism's messianic faith and its conception of God. It assesses the threat posed by Lubavitch messianists and points to the consequences, ranging from undermining a fundamental argument against the Christian mission to calling into question the kosher status of many foods and ritual objects prepared under Lubavitch supervision. Finally, it proposes a strategy to protect authentic Judaism from this assault. David Berger is Professor of History at Brooklyn College and the Graduate Center of the City University of New York. He is a Fellow of the American Academy for Jewish Research, and from 1998 to 2000 was President of the Association for Jewish Studies. He is the author of *The Jewish-Christian Debate in the High Middle Ages* and co-author of *Judaism's Encounter with Other Cultures: Rejection or Integration*.
