Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell ’ s Angels, that is—in this short work of nonfiction. " California, Labor Day weekend. . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . . The Menace is loose again. " Thus begins Hunter S. Thompson ’ s vivid account of his experiences with California ’ s most notorious motorcycle gang, the Hell ’ s Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye, as The New Yorker pointed out, " For all its uninhibited and sardonic humor, Thompson ’ s book is a thoughtful piece of work. " As illuminating now as when originally published in 1967, Hell ’ s Angels is a gripping portrait, and the best account we have of the truth behind an American legend.

The classic field book by Vinson Brown. Depicts common plants, mammals, birds, reptiles, amphibians, and fish of the Sierra Nevadan Mountains life zones. Emphasis given to the habitat where species are found.

So you want to learn the ins and outs of creating dance music and looking to improve your production? Then this book is just for you. No matter what genre you are interested in- trance, techno, garage, chill out, house or what tool you are working with- Abelton, Reason, Reaktor or Absynth, Snowman covers every aspect of dance music production- from sound design, compression and effects to mixing and mastering to help you improve your music. No matter what you level of experience the Dance Music Manual is packed with sound advice, techniques and practical tips to help you achieve professional results. The CD provides demo tracks showing what can be achieved when applying the advice contained in the book, including examples of the quality difference before and after mixing and mastering. The CD also contains free software demos for you to download. For even more advice and resources, check out the book's official website www.dancemusicproduction.com

A guide to the care and maintenance of a Steinway.

In this mind-altering romp—where the term " Metaverse " was first coined—you ’ ll experience a future America so bizarre, so outrageous, you ’ ll recognize it immediately • One of Time ’ s 100 best English-language novels Only once in a great while does a writer come along who defies comparison—a writer so original he redefines the way we look at the world. Neal Stephenson is such a writer and Snow Crash is such a novel, weaving virtual reality, Sumerian myth, and just about everything in between with a cool, hip cybersensibility to bring us the gigathriller of the information age. In reality, Hiro Protagonist delivers pizza for Uncle Enzo ’ s CosoNostra Pizza Inc., but in the Metaverse he ’ s a warrior prince. Plunging headlong into the enigma of a new computer virus that ’ s striking down hackers everywhere, he races along the neon-lit streets on a search-and-destroy mission for the shadowy virtual villain threatening to bring about infocalypse. Praise for Snow Crash " [Snow Crash is] a cross between Neuromancer and Thomas Pynchon ’ s Vineland. This is no mere hyperbole. " —The San Francisco Bay Guardian " Fast-forward free-style mall mythology for the twenty-first century. " —William Gibson " Brilliantly realized . . . Stephenson turns out to be an engaging guide to an onrushing tomorrow. " —The New York Times Book Review

Fabulously Fit Forever Expanded is a detailed instructional exercise guide for men & women of all ages & fitness levels. But it is more than a book about lifting weights, stretching, & aerobics. Frank Zane gives intimate details of his personal struggles which led him to the pinnacle of competitive bodybuilding & then beyond it into an exploration of mind/body interaction. You will learn how to use motivation, stress reduction, visualization, & deep relaxation techniques along with sensible nutrition to slow down the aging process, improve sleep, prevent & heal injuries, & enhance sexuality. Having won all of bodybuilding's major titles in his 22-year competitive career-Mr. America, Mr. World, Mr. Universe 3 times, & Mr. Olympia 3 times-Frank is an inventor holding a United States Patent, a certified hypnotherapist, & has degrees in education, psychology, & experimental psychology. In Fabulously Fit Forever Expanded, Frank draws on his wealth of experience & teaching ability to show you it's never too late to get in the best shape of your life. This expanded edition features extra photographs & 35 additional pages & includes "Flashbacks," Frank's greatest workouts from his training journal, & "Resources," access & guide mind/body training tools.
